

City of Galion Weekly Reports
Week of November 7, 2016

Water Treatment Plant/Waste Water Treatment Plant

Issues for immediate attention:

- Pool and Splash Park winterized
- Operations and maintenance at Water Treatment Plant
- Ongoing Harmful Algae Bloom sampling
- Processing sludge at WWTP

This week:

Closed the Splash Park, WTP high service pump back in service, processing sludge

Next week:

Plant maintenance and operations, check lift stations

Long term projects:

- Itemize repair and replacement of pool equipment and building
- Replace filter sand
- Continue sampling and plant repairs as needed
- Notified we have to HAB sampling through the winter
- VFD for second raw water pump installed
- Backup power supply and screw pump replacement at WWTP
- Design back up sludge discharge system
